Located in Sai Ying Pun, the new **Fairchild Kindergarten** is now open, offering programmes for children aged 2 to 5 years (up to K2). K3 will be offered in 2018. This is Fairchild's second educational venue, with its successful early learning centre, Fairchild Junior Academy in Tin Hau, already celebrating its first anniversary.

Established in Hong Kong in 2014, Fairchild Canadian Academy (FCA) is committed to providing great learning opportunities in natural environments that promote a child's innate instinct to play, enquire and learn. FCA's early years' enquiry-based programmes are based on established Canadian and British educational

frameworks and the Reggio Emilia approach to learning. FCA has formal collaborations with leading universities and K-12 schools in Canada, including the University of British Columbia, Simon Fraser University, St George's and York House to incorporate unique, research-based learning activities for childhood development.

The opening of the Education Bureau-licensed kindergarten is another milestone in Fairchild's long-term ambition to develop a pre K-G12 through-train school system in Hong Kong.

### France

Plenty of smart clothing companies exist in the market but very few react to the data they're collecting. **Clim8** monitors and analyses all parameters which drive user's thermal comfort to react and offer a basic human need: warmth. Clim8 tech consists of very thin next-to-skin heating elements and tiny embedded sensors that implemented into premium, innovative clothing brands. Taking the best of clothing and electronics, Hong Kong is the right place to be: being few miles

away from Shenzhen while having major brands' office based in the city makes Hong Kong the perfect place for Clim8.

Clim8 has an office at Cyberport where four people are based (electronics, finance and administration) and is planning to hire more based on the business extension.

## Germany

As a consulting company, **suPPPort Ltd.** focuses on initiating, designing and implementing sustainable development projects worldwide. There is a great demand and urgent need for projects that assist developing countries in their process of development. Funds are hugely available but there is a lack of awareness about the funding programmes in the business world. suPPPort proactively promotes the funding programmes, designs and implements beneficial projects for businesses as well as local communities and the society. Thereby, Corporate Social Responsibility

(CSR) is embedded into a company's overall strategy, which is nowadays crucial to remain competitive. Currently, suPPPort is mainly working with funding programmes from the German, Austrian and Swiss governments.

suPPPort has offices in Berlin, Hong Kong, and Dhaka, and local partners in a number of countries worldwide.

## India

**Retired Not Out**, a social enterprise founded in Hong Kong in 2017, is a disruptive job marketplace, focusing on unleashing the latent talent of the silver age market by bridging their talents and experiences with the demands of millennial organisations. The company believes that through gainfully re-engaging senior citizens in the economy, the city can reduce the burden on a shrinking labour force and benefit an economy that is rapidly ageing. While also ensuring that seniors remain productive, feel engaged and unlock value for businesses and communities.

Retired Not Out is specially designed for seniors

and connects them with organisations on an on-demand basis for part-time & flexible projects, consulting assignments, advisory roles, teaching and volunteering services.

Helmed by a team that is passionate about social sustainability, Retired Not Out aims to expand further by building a culture for senior inclusiveness and empowering seniors through capability building and dignified post-retirement careers.
