ESG Matters Limited was founded by Dr. Glenn Frommer, one of the pioneers of sustainability and the environmental movement. Founded in 2014, ESG Matters specialises in platform solutions to meet the needs for sustainable impact investing and green financing. Working closely with listed companies, small and medium-sized enterprises (SMEs), and various growing organisations, ESG Matters aims to address the global market through enabling solutions to achieve the relevant sustainable development goals (SDGs) and building resilience to climate change.

Continuously engaging businesses in the environmental, social, and corporate governance sectors, ESG Matters has ventured into new markets through the channel, research and development, and

academic research partnerships, further strengthening its company backbone. Its flagship data management system, ESG Dashboard, makes environmental data collection and conversion, emissions calculation, and carbon pricing and audit accessible. Its values "technology, creativity, assurance" – have long been guiding the way the company operates its business. Its products are designed to help businesses and project owners meet the ESG and financial goals.

Debayn launched in March 2017 as a more versatile approach to men's beach and swim shorts. Based on the solid colours of a tailored pair of shorts for men, and with their unique double skin concept, they are not just a swim short; they are one of the most versatile shorts customers can swim in. The company is taking Debayn off the beach with a range of polos and accessories. The brand has rapidly gained global recognition and is sold through multiple channels. The company is establishing Debayn as the

choice lifestyle brand for holiday clothes to wear every day. In addition to its first store opened in Hong Kong in June 2020, the company expands its retail network across Asia and Europe in 2021.

■ New Zealand

New Zealand Quality Waters Limited
(NZQW) was established in 2006 by a synergistic team with passionate, energetic and creative individuals. NZQW is an experienced bottling and production company in New Zealand, offering multi-beverage, non-alcoholic, water-based product.

Its brand "Waiz" refers to Blue Spring Water originated from Te Waihou River in Putaruru, New Zealand. The Blue Spring Water is the rainwater in the rainforests in Mamakau - Kaimai ranges in North Island. The rainwater gets absorbed into the earth, filtered through multiple layers of volcanic rock as natural filters, and then accumulated as an underground

aquifer before being collected as Waiz - the Blue Spring Water. This entire journey takes 50 to 100 years.

"Waiz" has arrived in Hong Kong in May 2020 and brought over all the way from New Zealand by our Hong Kong operation company NZO international Limited.
