**SAVVI Limited** is a leading data-driven and off-market office rental platform in providing flexibility to the market.

SAVVI clients are able to thrive by properly setting up business with the optimal real estate infrastructure solutions in the city. Clients can find or list office space for rent on the largest tenant's network to secure full market coverage and to generate massive savings from SAVVI's proprietary "crowdsourced offices".

SAVVI delivers scalable bespoke real estate solutions for both multinational corporations (MNCs) and small and

medium enterprises (SMEs). The company also creates and sources differentiated opportunities, as well as providing an innovative platform to operators, landlords and agents.

With the best in class delivery partners and industry leaders, SAVVI provides turnkey business solutions that includes design and build, corporate services, accounting and tax, legal, and information technology.

**Zetl** is Asia Pacific's first financing company for asset-light businesses. The company helps service businesses, including recruitment agencies, consultancies, and tech-based startups manage their monthly operating expenses by providing growth, payroll, and working capital financing.

Headquartered in Hong Kong, Zetl's mission is to finance the next generation of businesses in the Asia-Pacific region.

These are often young companies without a multi-year operating history that do not have equipment, inventory, or property which can be used for financing. Zetl offers flexible financing solutions for clients that are fully confidential, digital, fast, and require no personal guarantees.
