K!BO crafts sustainable footwear and accessories using upcycled leather, post-consumer plastics and other planet-friendly, innovative materials. With over 50 years of experiences in the footwear manufacturing and trading industry, the team has solid knowledge of the footwear industry.

The company launched a range of minimalist sneakers with a direct-to-consumer model and has achieved double-digit growth every quarter. Since its establishment, the company has expanded to eight outlets across Hong Kong and Singapore.

K!BO is currently working with hotel groups in providing sustainable uniforms for their staff, and has aggressive plans to scale up this to other hospitality groups. Moreover, the company is exploring plant-based leather developments and launches. Its goal is to concurrently create a business-to-business (B2B) platform that provides sustainable footwear for hospitality groups such as airlines, hotels and restaurant groups, piloting in Hong Kong before expanding into other markets.

THE FRENCH GIRL (Caroline Tronel) is a French contemporary and non-fungible token (NFT) artist based in Hong Kong. From 15 meter-long murals to canvases or NFTs, the artist has been recently seen at Digital Art Fair Asia, K11 MUSEA, Tai Kwun, Soho House, and is in exclusive collaborations with Curator Café, Café Claudel and the famous caviar brand PLANTIN KAVIARI.

Inspired by the Chinese symbol of “double happiness”, the founder gave it a

personal twist creating a “shining double heart symbol”, with an aim to spread good vibes around. THE FRENCH GIRL affirms that Hong Kong is a great place for artists with a very dynamic ecosystem: “art is everywhere in Hong Kong, on walls, in restaurants, in malls, on screens and with all the projects I’m working on, I plan to rapidly grow a team here!”.

Bimbo Concept is a family concept store for modern families with children. Currently the company has three retail stores and online presence in Hong Kong. It offers high-quality and sustainable home decoration and lifestyle products to deliver a refined and fresh style for homes, as well as consultation services for clients who have special needs for nursery or playroom decorations. All products are carefully curated with lots of niche European brands that are perfect for children and their parents. The concept store of the company truly reflects an inspiration of nature with Scandinavian and Parisian aesthetics.

Bimbo Concept is more than just fine

home furnishing. It offers a wide range of whimsical, educational toys and decor items to foster the culture of play and create a delightful living environment. These products also make excellent choices for celebrating birthdays and other special occasions.

The company cares about their customers as if they are their family members, this is the very reason why the company puts so much time and efforts to share their vision and values through organising workshops and events.

MagneticDays was founded in Italy in 2012 to create innovative solutions revolutionising the concept of “smart trainer”. After five years of research and development, the first smart training system based on a scientific approach to training was born: the JARVIS.

MagneticDays represents high quality and unique products which enable specific and bespoke training plans for anybody at any moment, fitting each customer’s needs and goals. Thanks to the high technology training (HTT) methodology, the company can help athletes or customers improve

their own physiological features with the goal to optimise wellness and performance.

After being acclaimed as the best trainer in Italy, MagneticDays decided to establish its presence in the United States and Asia in 2020 and 2021 respectively. The company has chosen Hong Kong as its business hub and window for all the Asian countries, providing the opportunities to develop indoor trainers and unique wellness equipment that MagneticDays Group offers.

Young Soy Gallery's mission is simple: To cultivate and celebrate a diverse range of radical cultural influences.

Young Soy prides itself on working with emerging artists who demonstrate evolution of their practice and originality, and most importantly, possess a tenacious spirit.

The company's gallery was founded in 2020 by Shivang Jhunjhnuwala and Alexander Glavatsky-Yeadon. Started as a way of supporting local artists during the beginning of the COVID-19 pandemic, the gallery serves as a platform for some of the city's most underrated talent to showcase their art pieces.

Since its inception, Young Soy has started to garner a roster of international artists who are making waves in their respective regions of the world. Although the company has a strong presence in Hong Kong, in order to accomplish its mission, Young Soy traverses the global landscape, and seeks out opportunities that give a stage and a spotlight to some of the artists, whom they are lucky enough to work with.

Since 2020, Young Soy has hosted nine exhibitions, participated in three art fairs and collaborated with over 20 artists, and has no intentions of slowing down.

Headquartered in Southern California, the United States, Pieology Pizzeria continues its worldwide franchise expansion into Hong Kong via its partnership with **Pieology (HK)**

Company Limited, the brand's regional master franchisor for Hong Kong and the Guangdong-Hong Kong-Macao Greater Bay Area (GBA). Pieology (HK) launched its first Pieology Pizzeria outlet in Lan Kwai Fong, Central in July 2022, and plans to strengthen the company's franchise network in Hong Kong and expand into the GBA market in 2023.

Pieology Pizzeria is one of the leading customised pizza franchise brands in North America, and this tradition of unlimited possibilities created by customers will continue in Hong Kong. With the launch of the brand in Hong Kong, Pieology (HK) hopes to contribute to reinvigorating the local retail food and beverage industry, and to reach new heights with more diverse, multicultural and flavourful local and international cuisines.
